

Let's dance in the snowy night

Hey, hey, hey Harold,
Wake up it's Christmas
Let's play in the snow
And start singing now
We all know that you will
Show us your happy smile
We like your happy style
Show us your magic broom
That makes our dreams come true

* Chorus *

Let's dance in the snowy night
Illuminated by the moonlight
The snow is falling down
Let's be happy like a clown
Let's be happy up side down

Hey, hey, hey Harold,
Wake up it's Christmas
Like every year
No one shed a tear
We all know that you will
Show us your happy smile
We like your happy style
Show us your magic broom
That makes our dreams come true
